**First Name MI Last Name**  
**Street Address**  
**City, State Zip**

We are contacting you because there is a problem with your voter registration. According to the Washington State Constitution, a person who has been convicted of a felony is disqualified from voting until the right has been restored. State law requires that the right be restored only after all conditions of all felony sentences have been fulfilled or by a certificate of restoration issued by the Governor.

Based on name and date of birth information maintained by the Courts or by the Department of Corrections, you have been found ineligible to vote due to a felony conviction (see below).

Your voter registration is pending cancellation. If you would like to dispute this finding, you have 30 days from the postmark date on the envelope to provide documentation that this is incorrect or request a hearing. You must contact the county elections department in the county in which you are registered to vote (contact information on back.)

You may also request a provisional ballot for any election scheduled to occur prior to the resolution of your registration status. If you do not contact the county elections department within 30 days to dispute the finding, your voter registration will be canceled.

Voting before the right is restored is a class C felony. The right to vote may be restored by proof of one of the following for each felony conviction:

1. A certificate of discharge, issued by the sentencing court;
2. A court order restoring civil rights, issued by the sentencing court;
3. A final discharge and restoration of civil rights, issued by the Indeterminate Sentence Review Board;
4. A certificate of restoration, issued by the Clemency and Pardons Board; or
5. A pardon, issued by the Governor.

Further information about how to get voting rights restored may be found in the included flyer or at [www.secstate.wa.gov/elections.faq.aspx](http://www.secstate.wa.gov/elections.faq.aspx).

Sincerely,

Elections Division  
Office of the Secretary of State
